

Naos - A Practical Guide to Modern Magick

This is an ONA publication. Manuscript was given to Hagur by Xaphan (J.F.) (Houston, Texas), for publication, which he did in 1999, and brought the work on e-book (pdf) in 2008. ONA publications are in fact public domain, as previously stated by Christos Beest (Moulton). This copy is re-arranged and published by Hagur. Hagur is since 1998 an ONA practioner. Copyright is an anachronistic concept. It is against the spirit of the free distribution and dissemination of information, ideas and concepts which is essential to the subversive and evolutionary strategy of the ONA. Furthermore, the production and distribution of written material in the form of printed books and pamphlets is no longer the main means of distribution and dissemination of written material. The modern means of communication - such as the Internet - which have been developed have allowed such distribution and dissemination by other means. Nevertheless, the production of printed books remains a valuable resource. The ONA has no interest whatsoever - and never has had an interest - in making any profit from the sale and distribution of ONA MSS, whether in book format or otherwise. For this reason there has never been any such thing as an officially approved or officially published ONA book or published item. Individuals are free to publish and distribute - and, in the case of printed material, or compilations in whatever medium, charge for - any and all ONA material, compilations of ONA material, and ONA books, such as the Deofel Quintet, without any prior approval from the ONA or authors such as Anton Long. The only authentic ONA material is that which is reproduced - by whatever means - exactly, in terms of text and illustrations (if any) as it was originally released and distributed by the ONA (typos notwithstanding). Therefore, those publishing, distributing or

selling ONA material or texts as ONA material should endeavour to reproduce it accurately, without alterations or additions. In the case of compilations of ONA material, and ONA books, distributors and publishers are free to add whatever artwork or illustrations, or form of presentation, they may deem necessary provided it is made clear that such art-works or illustrations are not ONA material. In respect of material designed for distribution via electronic mediums it is suggested that standard formats, such as html, are used in preference to proprietary formats such as doc or wpd.

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a little negotiation we can to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 day after the original closing date we finally closed.I quit my part time teaching job. Now I get to stay at home with Roarie and substitute teach every now and then.Posted by Mrs. Stacie Christner at 8:13 AM Reactions: 75 comments: Friday, April 27, 2012Education CutsOne of the most important things in life is to have a good education. Teaching is the only occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility, social skills and time management are life skills that are used everyday.The frustrating thing about being a teacher is the lack of money put into education. I am not complaining about how much money I make because teachers do not go into teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the same pay. The schools who have the money have the money get the technology and the good test scores. The better the test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any money for the low test scores. So the rich get richer and the poor get poor.Needless to say, I have gotten word from the school superintendent that my special education position is being cut. I am still going to have a teaching job being a part time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be a part time stay-at-home mom but at the same time I wish I had a full time, paying job.Posted by Mrs. Stacie Christner at 7:39 PM Reactions: 24 comments: Sunday, April 15, 2012Manners Meal Every year, the Colfax-Mingo Middle School does what they call manners meal. Grades six through eight take a field trip to a designed location and practice using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building for our dining. Before we go to on our trip the staff reviews what it is to have good manners. There are so many manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we covered: Appearance- The students were to Shower, which as middle school students it is a challenge for some, and use soapFix hair up niceWear dress clothes- dresses, dress pants, dress shirtWear minimal make-upWear minimal perfume or cologneTable Setting-Silverware start on the outside and work your way in and the fork at the top of plate is the desert forkThe drink is off to your leftWaiting for others-Wait for everyone to arrive to your table before seating yourselfWait for everyone to get their food before you begin eatingTable Talk-Speak softly to the people at your tableDo not interruptDo not talk about bodily functions (farts, pooping, etc.)Say "Please", "Thank you.", "You're

welcome." , "Pardon me" Some things we took for granted and expected the students to know were:Keep elbows off the tableKeep elbows as close to your sides as possible when eatingKeep hands to your self (which is hard to do for middle school students)Listen to speaker (which is hard to do in the classroom too)Pass dinner rolls and salad dressing all around the tablePosted by Mrs. Stacie Christner at 4:57 PM Reactions: 18 comments: Labels: education, Teacher AdviceMonday, April 9, 2012Roarie Meets her CousinsRoarie is 7 weeks old and finally got to meet half of her cousins yesterday at Easter. 18 comments: Labels: personalOlder Posts HomeSubscribe to: Posts (Atom) About MeMrs. Stacie ChristnerI am a second year Special Education teacher at Colfax-Mingo Middle school.
