Besonderheiten -

Das Lehrbuch bietet einen schnellen, gut strukturierten Einstieg in das komplexe Themengebiet der Familienunternehmen. Der Leser erhält einen Überblick über die wichtigsten Aspekte des Zusammenspiels von Familie und Unternehmen, wobei alle relevanten Bereiche gleichermaßen behandelt werden. Die Besonderheiten dieser Unternehmensart seien es Großkonzerne in Familieneigentum oder familiengeführte KMU werden umfassend dargestellt. Die didaktische Aufbereitung (Nutzwertbeschreibungen und Lernziele, Lernfragen und weiterführende Literatur sowie Fallstudien mit Lösungsvorschlägen) erleichtert die Anwendung des theoretischen Wissens. Das Buch bietet Studierenden und Dozierenden ebenso wie Angehörigen von Unternehmerfamilien, Mitarbeitern in Familienunternehmen sowie Steuerberatern, Wirtschaftsprüfern und Rechtsanwälten einen kompakten Überblick über das Thema.

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a little negotiation we came to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 days after the original closing date we finally closed. I quit my part time teaching job. Now I get to stay at home with Roarie and substitute teach every now and then. Teaching is the only occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility, social skills and time management are life skills that are used everyday. The frustrating thing about being a teacher is the lack of money put into education. I am not complaining about how much money I make because teachers do not go into teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the same pay. The schools who have the money have the money get the technology and the good test scores. The better the test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any money for the low test scores. So the rich get richer and the poor get poor. Needless to say, I have gotten word from the school superintendent that my special education position is being cut. I am still going to have a teaching job being a part time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be a part time stay-at-home mom but at the same time I wish I had a full time, paying job. Grades six through eight take a field trip to a designed location and practice using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building for our dining. Before we go on our trip the staff reviews what it is to have good manners. There are so many manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we
