

Family Maps of Luce County, Michigan

282 pages with 89 total maps Locating original landowners in maps has never been an easy task-until now. This volume in the Family Maps series contains newly created maps of original landowners (patent maps) in what is now Luce County, Michigan, gleaned from the indexes of the U.S. Bureau of Land Management. But it offers much more than that. For each township in the county, there are two additional maps accompanying the patent map: a road map and a map showing waterways, railroads, and both modern and many historical city-centers and cemeteries. Included are indexes to help you locate what you are looking for, whether you know a persons name, a last name, a place-name, or a cemetery. The combination of maps and indexes are designed to aid researchers of American history or genealogy to explore frontier neighborhoods, examine family migrations, locate hard-to-find cemeteries and towns, as well as locate land based on legal descriptions found in old documents or deeds. The patent-maps are essentially plat maps but instead of depicting owners for a particular year, these maps show original landowners, no matter when the transfer from the federal government was completed. Dates of patents typically begin near the time of statehood and run into the early 1900s. Whats Mapped in this book (that youll not likely find elsewhere) . . .

2339 Parcels of Land (with original landowner names and patent-dates labeled in the relevant map) 4 Cemeteries plus . . . Roads, and existing Rivers, Creeks, Streams, Railroads, and Small-towns (including some historical), etc. What YEARS are these maps for? Here are the counts for parcels of land mapped, by the decade in which the corresponding land patents were issued: Decade Parcel-count 1820s 10 1850s 12 1860s 30 1870s 885 1880s 1095 1890s 35 1900s 128 1910s 20 1920s 124 What Cities and Towns are in

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick
updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an
offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a
little negotiation we can to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 day
after the original closing date we finally closed.I quit my part time teaching job. Now I get to stay at home with Roarie
and substitute teach every now and then.Posted by Mrs. Stacie Christner at 8:13 AM Reactions: 75 comments: Friday,
April 27, 2012Education CutsOne of the most important things in life is to have a good education. Teaching is the only
occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big
company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility,
social skills and time management are life skills that are used everyday.The frustrating thing about being a teacher is the
lack of money put into education. I am not complaining about how much money I make because teachers do not go into
teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the
same pay. The schools who have the money have the money get the technology and the good test scores. The better the
test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any
money for the low test scores. So the rich get richer and the poor get poor.Needless to say, I have gotten word from the
school superintendent that my special education position is being cut. I am still going to have a teaching job being a part
time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be
a part time stay-at-home mom but at the same time I wish I had a full time, paying job.Posted by Mrs. Stacie Christner at

School does what they call manners meal. Grades six through eight take a field trip to a designed location and practice
using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building
for our dining. Before we go to on our trip the staff reviews what it is to have good manners. There are so many
manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we
covered: Appearance- The students were to Shower, which as middle school students it is a challenge for some, and use

or cologneTable Setting-Silverware start on the outside and work your way in and the fork at the top of plate is the

yourselfWait for everyone to get their food before you begin eatingTable Talk-Speak softly to the people at your
tableDo not interruptDo not talk about bodily functions (farts, pooping, etc.)Say "Please", "Thank you.", "You're
