

ICT and Religious Tradition. The Case of Mount Athos

Research Paper from the year 2008 in the subject Information Management, London School of Economics, language: English, abstract: Information and communications technology (ICT) is understood to be closely associated with the shaping of late modernity. It constitutes one of its fundamental and distinctive features and is a product of its socioeconomic institutions. Yet, it is increasingly taken up by traditional communities. The core question of this paper is whether the encounter of ICT with cultures that have not embraced the values and ways of life of modernity gives rise to alternative perceptions and enactments of socio-technical ensembles. Do traditional communities disentangle the ICT artefact from the institutional context of modernity and appropriate it in their own culture and social order? Is there a potential fusion of ICT with non-modern cultures that leads to transformative effects of either the endogenous culture or the taken-for-granted modern meaning of ICT value? Or is the take up of ICT, loaded with the meanings and values it inherited in its context of modernity, just eroding traditional culture and bringing them closer to modernity? We address this question by exploring the meanings and consequences of ICT in the community of monasteries on Mount Athos that was established in Byzantine times and remained largely isolated from most institutions of modernity. This is an early stage in what we intend to make longitudinal research, and our findings are inconclusive. We found a mix of attitudes and ICT-related practices among the monks and different attitudes towards the information processing/storage and the communication functions of ICT. But overall, adoption of ICT is increasing on Mount Athos and we identify areas in which potential changes are under way and which merit further research. However even at our current stage of research it is apparent that these

changes are intrinsically different in our modern consumerist society and are large

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a little negotiation we can to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 day after the original closing date we finally closed.I quit my part time teaching job. Now I get to stay at home with Roarie and substitute teach every now and then.Posted by Mrs. Stacie Christner at 8:13 AM Reactions: 75 comments: Friday, April 27, 2012Education CutsOne of the most important things in life is to have a good education. Teaching is the only occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility, social skills and time management are life skills that are used everyday.The frustrating thing about being a teacher is the lack of money put into education. I am not complaining about how much money I make because teachers do not go into teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the same pay. The schools who have the money have the money get the technology and the good test scores. The better the test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any money for the low test scores. So the rich get richer and the poor get poor.Needless to say, I have gotten word from the school superintendent that my special education position is being cut. I am still going to have a teaching job being a part time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be a part time stay-at-home mom but at the same time I wish I had a full time, paying job.Posted by Mrs. Stacie Christner at 7:39 PM Reactions: 24 comments: Sunday, April 15, 2012Manners Meal Every year, the Colfax-Mingo Middle School does what they call manners meal. Grades six through eight take a field trip to a designed location and practice using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building for our dining. Before we go to on our trip the staff reviews what it is to have good manners. There are so many manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we covered: Appearance- The students were to Shower, which as middle school students it is a challenge for some, and use soapFix hair up niceWear dress clothes- dresses, dress pants, dress shirtWear minimal make-upWear minimal perfume or cologneTable Setting-Silverware start on the outside and work your way in and the fork at the top of plate is the desert forkThe drink is off to your leftWaiting for others-Wait for everyone to arrive to your table before seating yourselfWait for everyone to get their food before you begin eatingTable Talk-Speak softly to the people at your tableDo not interruptDo not talk about bodily functions (farts, pooping, etc.)Say "Please", "Thank you.", "You're

welcome." , "Pardon me" Some things we took for granted and expected the students to know were:Keep elbows off the tableKeep elbows as close to your sides as possible when eatingKeep hands to your self (which is hard to do for middle school students)Listen to speaker (which is hard to do in the classroom too)Pass dinner rolls and salad dressing all around the tablePosted by Mrs. Stacie Christner at 4:57 PM Reactions: 18 comments: Labels: education, Teacher AdviceMonday, April 9, 2012Roarie Meets her CousinsRoarie is 7 weeks old and finally got to meet half of her cousins yesterday at Easter. 18 comments: Labels: personalOlder Posts HomeSubscribe to: Posts (Atom) About MeMrs. Stacie ChristnerI am a second year Special Education teacher at Colfax-Mingo Middle school.
