

Journey Home To... : A Message of Hope and Healing for Mankind

Journey Home To... is a powerful book carrying a message of hope and healing for mankind. At a time when the search for a deeper meaning to life confronts many people in society, this book offers a blueprint for the merging of the love for the Divine with the intimacy of a sexual relationship. The uniqueness of this title is its willingness to take the message of love and light offered by spirit, into the everyday reality of life. The wisdom presented around sex and relationships, healing past trauma, forgiving ex lovers, dealing with the separation of children from their parents, and the fear of daring to pursue a new life and a new love, will reach into the soul of anyone contemplating the meaning of their existence. Journey Home To... is written around a tumultuous period of the authors life, when he is wrenched from the perfect high paid corporate executive position and taken on a journey into the essential truth of our existence. But it is far from another personal transformation story. The authors life simply acts as a vehicle through which the messages of how to live a life of love are grounded in reality, bringing the experience alive for the reader. In the words spoken by the spirit of St Francis of Assisi, to the author The world has evolved and needs to see expressions of Gods love manifest in the form of relationships. You do not have to be celibate like we were - that is neither necessary, nor appropriate - but you must hold the presence of God within your relationship. Journey Home To... reveals the way to bring forth the higher purpose of intimate relationships into the world, in a new form of union. In the process it addresses critical issues of sexuality and marriage. But before we can live this new form of relationship we must learn to love ourselves. Journey Home To... includes illuminating teachings from the spirit world on how to achieve this self love, including letting go of judgement,

releasing the bonds created by failed relationships and healing past hurts. In the process it answers the critical question, How do I break free from the chains of my fears and live the life I know I should? The medium for delivering the profound messages are enlightening visions, experienced during meditation and conversations with the spirit world. Indeed half of the text is devoted to conversations which walk the reader through their own how-to journey to love and a new form of relationship.

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a little negotiation we can to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 day after the original closing date we finally closed.I quit my part time teaching job. Now I get to stay at home with Roarie and substitute teach every now and then.Posted by Mrs. Stacie Christner at 8:13 AM Reactions: 75 comments: Friday, April 27, 2012Education CutsOne of the most important things in life is to have a good education. Teaching is the only occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility, social skills and time management are life skills that are used everyday.The frustrating thing about being a teacher is the lack of money put into education. I am not complaining about how much money I make because teachers do not go into teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the same pay. The schools who have the money have the money get the technology and the good test scores. The better the test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any money for the low test scores. So the rich get richer and the poor get poor.Needless to say, I have gotten word from the school superintendent that my special education position is being cut. I am still going to have a teaching job being a part time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be a part time stay-at-home mom but at the same time I wish I had a full time, paying job.Posted by Mrs. Stacie Christner at 7:39 PM Reactions: 24 comments: Sunday, April 15, 2012Manners Meal Every year, the Colfax-Mingo Middle School does what they call manners meal. Grades six through eight take a field trip to a designed location and practice using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building for our dining. Before we go to on our trip the staff reviews what it is to have good manners. There are so many manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we covered: Appearance- The students were to Shower, which as middle school students it is a challenge for some, and use soapFix hair up niceWear dress clothes- dresses, dress pants, dress shirtWear minimal make-upWear minimal perfume or cologneTable Setting-Silverware start on the outside and work your way in and the fork at the top of plate is the desert forkThe drink is off to your leftWaiting for others-Wait for everyone to arrive to your table before seating yourselfWait for everyone to get their food before you begin eatingTable Talk-Speak softly to the people at your tableDo not interruptDo not talk about bodily functions (farts, pooping, etc.)Say "Please", "Thank you.", "You're
