

You Have Been Destined To Make It

To whom it may concern, my name is Stanley Granson and I have been a Christian all of my life, I was baptized at an early age of five years old. I was raised in a Christian family and attended church on a regular basis. My dad Joe Dell Granson Sr. who has gone on to be with the Lord was my spiritual leader in my life. I have love for the bible and sharing Gods word with his people. Although shy by nature I found a new boldness in ministering to the lost. God has brought me from a mighty long way. I believe that the word of God should be taught to all generations because God is trying to reach everyone through different methods and ways. It is very important to understand that we are not perfect, but the Lord is perfecting us. However, if and when we make a mistake in life, we have the privilege of going before God the Father to confess our faults to him. I have trusted God to provide for my every need. I know this can only happen through faith. The bible says all have sin and come short of the glory of God. But He is faithful to forgive us from all wrong doing if only we confess and repent of our sins. If you know Jesus you can and will be saved. Jesus declares the only way to the father is through Him. Without Jesus there is no salvation. I believe our goal in life should be to reach and teach the word of God so our families can stay strong and our marriages or strengthen. I thank God for a Godly father and mother who taught me to stay on the right path. We have to teach this generation the same thing if we are going to conquer saving the lost. I am excited about the opportunity to attend Grace Theological. I believe the best is yet to come.

Call My Journey...LifeSports, movies, family, kids, marriage, health, lifeWednesday, November 28, 2012Quick updateThe last time I posted a lot has changed. So for a quick update, my husband got a new job. As soon as we got an offer on our house we accepted we accepted it. We found a house to live in and put an offer on the table and after a little negotiation we came to an acceptable and agreeable offer. After a very painful moving process, which lasted 33 days after the original closing date we finally closed.I quit my part time teaching job. Now I get to stay at home with Roarie

and substitute teach every now and then. Teaching is the only occupation that shapes our country. We teachers touch every life from the farmer to the lawyer, to the CEO of some big company. Granted you may not use everything that learn in the classroom but the structure, respect, responsibility, social skills and time management are life skills that are used everyday. The frustrating thing about being a teacher is the lack of money put into education. I am not complaining about how much money I make because teachers do not go into teaching. What I am complaining about is teachers getting cut, class sizes are getting bigger, and yet we still get the same pay. The schools who have the money have the money get the technology and the good test scores. The better the test scores the more money you get. So if you a poor school you don't get the technology and yet you don't get any money for the low test scores. So the rich get richer and the poor get poor. Needless to say, I have gotten word from the school superintendent that my special education position is being cut. I am still going to have a teaching job being a part time American History teacher. Which I am glad that I am getting into the general education setting and that I get to be a part time stay-at-home mom but at the same time I wish I had a full time, paying job.

Grades six through eight take a field trip to a designed location and practice using good dining manners. So on Friday, April 13, 2012, we went some where local, the Colfax Historical Building for our dining. Before we go to on our trip the staff reviews what it is to have good manners. There are so many manners to cover and sometime we just assume that it will happen but it doesn't. Here are a few manners that we covered: Appearance- The students were to Shower, which as middle school students it is a challenge for some, and use soap Fix hair up nice Wear dress clothes- dresses, dress pants, dress shirt Wear minimal make-up Wear minimal perfume or cologne Table Setting- Silverware start on the outside and work your way in and the fork at the top of plate is the desert fork The drink is off to your left Waiting for others- Wait for everyone to arrive to your table before seating yourself Wait for everyone to get their food before you begin eating Table Talk- Speak softly to the people at your table Do not interrupt Do not talk about bodily functions (farts, pooping, etc.) Say "Please", "Thank you.", "You're welcome.", "Pardon me" Some things we took for granted and expected the students to know were: Keep elbows off the table Keep elbows as close to your sides as possible when eating Keep hands to your self (which is hard to do for middle school students) Listen to speaker (which is hard to do in the classroom too) Pass dinner rolls and salad dressing all around the table
